| An Avnet Company |

# Benefits of using MyEBV

With a portfolio of self-service tools and valuable content, MyEBV brings all your business with EBV Elektronik into a single digital experience.

## Self-service tools

Whether it's placing orders, getting order status, requesting a quote, creating a bill of materials and more, MyEBV empowers you to do more on your own. Access the information you need and engage with EBV Elektronik whenever you want – all through a single digital interface.

## Valuable content

Real-time product details, availability, pricing, technical documentation and datasheets are just some of the valuable content at MyEBV – and it's all available whenever you need it.

## This guide

This overview guide provides information about the many features of MyEBV – what they are, how to use them and links to more information. We hope you find this helpful and we welcome your ideas to make it better.

# Overview of MyEBV tools

## How to get registered

You need to be an active customer of EBV Elektronik. Contact your sales representative to get you access to MyEBV or fill in the form “Request Account” on the Online Help site.

## Log in

Access your account and other information.

## Dashboard

View account snapshot of notifications and pending items.

## Quotes

Submit a quote for approval. Search submitted quotes and view open online and offline quotes.

## Orders

Place your order easily on our platform.

## Pricing

View current prices anytime online.

## BOM

Upload a Bill of Materials for projects or upload multiples and assign to specific projects. It’s a quicker way to request a multi-line quote.

## Forecasting

The MyEBV Forecast Response Tool empowers eligible customer to monitor their forecast in real time including indicators of risk if any.

## EOL/PCN

Customers can review any product change notification and/or end-of-life products for parts of their purchasing history.

Click page number to go to page

# BOM tool after upload

## How to access and use

Matching the data of your uploaded file with the correct portal columns headers.

1

2

Define Column Headers

Define the column headers to match your data.

Please define the column for Manufacture Part Number OR Customer Part Number to continue.

Select the row that your parts data begins.

Data starts on row 1

ROW	Match Column Header	Match Column Header	Match Column Header	Match Column Header
1	Quantity	QTY	Manufacturer	Comment
2	Manufacturer Part Number	2500	STMicroelectronics	Project A
3	Description	50	STMicroelectronics	Project A
4	Notes	100	STMicroelectronics	Project A
5	Customer Part Number	4500	Bronco	Project A
6		2000		Project A
7		30000		Project B
8		25000		Project A
9		15000	Rubycon	Project A
10		5000	ITT	Project A

# Quotes – Requesting a Quote

When a part has a ‘Request Quote’ button, follow these steps:

A screenshot of the 'Request a Quote' form. The form contains the following fields and buttons: 'Quote No.', 'Part Number', 'Manufacturer', 'Customer Part Number', 'Target Currency', 'Minimum Required Quantity for Quoting', 'Quantity', 'Target Unit Price (Optional)', 'End Customer', 'Competition', 'Comments', 'CANCEL', and 'ADD TO QUOTE'. Numbered steps are indicated by blue circles and arrows: 2 points to the 'Quantity' field, 3 points to the 'Target Currency' dropdown, 4 points to the 'Target Unit Price (Optional)' field, 5 points to the 'End Customer' field, and 6 points to the 'ADD TO QUOTE' button.

Descriptions

- Operating temperature -40 °C to +85 °C
- Excellent solderability and resistance to soldering heat
- Suitable for flow and reflow soldering
- High reliability and easy surface mount assembly

# Purchasing parts from other sources

## How to access

Click on the drop-down menu in the top right and toggle between different regions.

Users may purchase parts from other regions using a credit card. Please note, customer credit terms and special pricing don't transition to other regions.

If you are setup with the same email address on EBV Elektronik, Avnet Silica or EBV Elektronik, you can transition between those portal sites without the need to login again.
