

# BIDOS® P2433 Q

## Pre-Series Addendum

**Important information regarding BIDOS® P2433 Q Pre-Series samples.**

**Product is subject of a manufacturing line transfer and potential issue of PCN, once transferred to its final assembly line.**

- Pre-series samples not meant for reliability test.
  - To be used for design verification only.
- Reliability testing shall be performed on MP parts, which are built on final production line.

Scheduled completion of assembly line transfer by Q1, 2022.

No change in country of origin (coo) with new assembly line.

September 30, 2021
