# LUMAWISE ENDURANCE S MODULES

TE Connectivity (TE) introduces the LUMAWISE Endurance S modules that are designed specifically for LED light sources and drivers in outdoor luminaires. The LUMAWISE Endurance S modules are comprised of IPX6 rated receptacle assembly, sealing cap and two bases sized in 40mm and 80mm diameters that provide a complete electrical interface between the receptacle and associated sensor modules. When used in conjunction with sensor ready certified drivers, the receptacle assembly accepts a twist-to-lock, pluggable sensor module and provides DC power to the module and a DALI 2.0 or derivative two-wire bus for communication and data transfer. The fourth connection is allocated as a digital I/O port. The compact design, with improved sealing capability, facilitates mounting the sensor module upwards, sideways or downward on roadway, street and area lighting luminaires.

#### **Applications**

- Street and Area Lighting
- Outdoor Luminaires
- Wall Packs
- Parking Lots
- Walkways
- Photo Controls
- Central Management System
- Other sensor modules e.g. occupancy

#### Electrical

- Contacts rating:
- 1.5A, 30V (24V typical)
- Meets 10kV common mode surge test
- Hot pluggable capable
- 4 pole contacts
  - Pin 1: 24Vdc
  - Pin 2: DALI (or DALI based protocol) -/common ground
  - Pin 3: DALI (or DALI based protocol) +
  - Pin 4: General I/O

#### Mechanical

Mounting:	M20X1.5 thread	
Height above luminaire: 10mm		
<ul> <li>IPx5 and IPx6</li> </ul>		
<ul> <li>Receptacle:</li> </ul>	Ø30mm	
• Gasket:	Ø36.5mm	
<ul> <li>Thread length:</li> </ul>	18.5mm	
<ul> <li>IK09 capable</li> </ul>		

#### **Key Benefits**

- Standardized interface defined in Zhaga Book 18
- Compact size allowing greater flexibility in luminaire design
- Improved sealing to achieve IPx5 or IPx6 with no mounting screws
- Scalable solution allows use of Ø40mm photocell and a Ø80mm central management system with the same connection interface
- Flexible mounting position, upwards, downwards and sideways facing
- Integrated single gasket that seals to both luminaire and module that minimizes assembly time

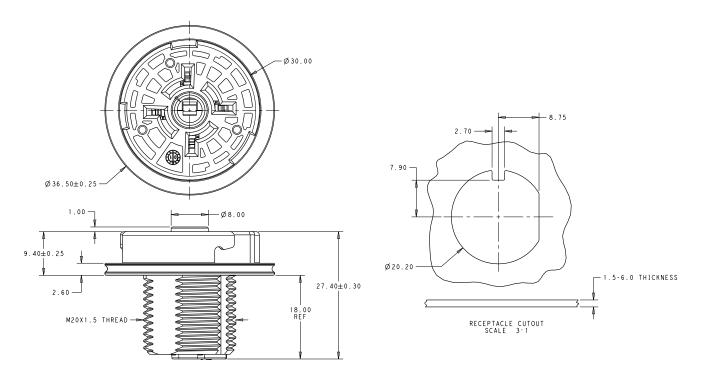

## Product Selection Information

Part Number	Description
<u>2213858-1</u>	LUMAWISE Endurance S receptacle assembly
<u>2213795-1</u>	LUMAWISE Endurance S receptacle sealing cap
<u>2213837-1</u>	LUMAWISE Endurance S base, 40mm module
<u>2213831-1</u>	LUMAWISE Endurance S base, 80mm module

#### Dimensions

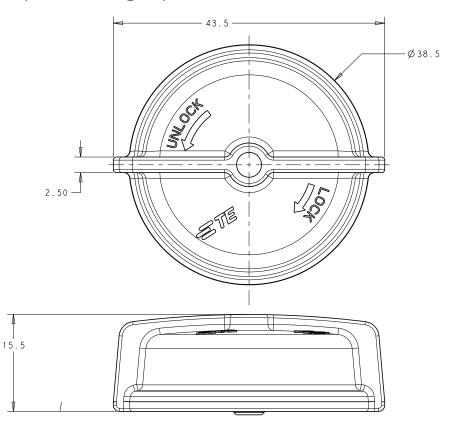

2213858-1 Receptacle Assembly

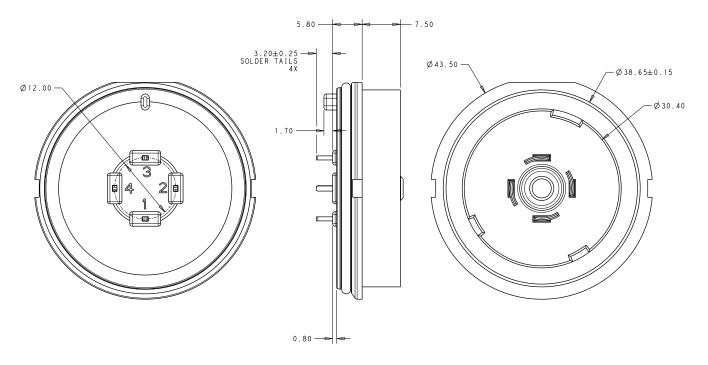

#### Dimensions

2213795-1 Receptacle Sealing Cap

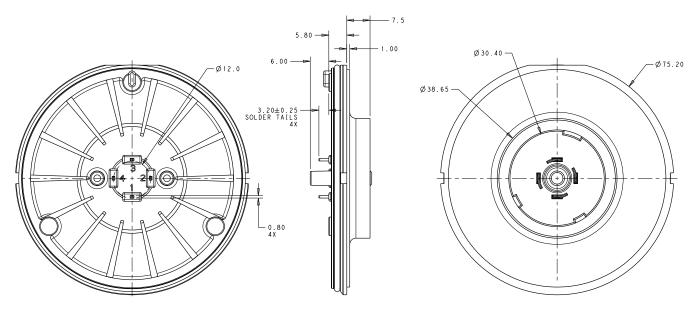

### 2213837-1 Base, 40mm Module

#### Dimensions

2213831-1 Base, 80mm Module

TE Connectivity is a participating member of the Zhaga Consortium, an industry-wide cooperation enabling the interchangeability of LED light sources and simplifying LED applications for general lighting.
