How to access

Forecast is only available for eligible customers, where we have an agreement and we are receiving reserving forecast.

The screenshot shows the 'Forecast' interface. At the top, there is a search bar labeled 'Enter Keyword(s) or Customer Part Number' with a magnifying glass icon. To the right of the search bar are links for 'Key/Legend', 'Information', 'Download', and 'Email'. Below the search bar, there are three filter buttons: 'Total' (with a count of 3), 'Non Constraint' (with a count of 1), and 'Constraint' (with a count of 2). The main table has columns for 'PART NUMBER STATUS', 'CUSTOMER PART NUMBER', 'CPN LAST FORECAST DATE', 'CUSTOMER COMMENTS', and forecast dates from 'DECEMBER 01, 2025' to 'JANUAF 2026'. Purchasing parts from other sources

How to access

Click on the drop-down menu in the top right and toggle between different regions.

Users may purchase parts from other regions using a credit card. Please note, customer credit terms and special pricing don't transition to other regions.

If you are setup with the same email address on Avnet Abacus, Avnet Silica or EBV Elektronik, you can transition between those portal sites without the need to login again.
